Dear Educator,

Thank you for purchasing the Tech Tub² Modular Cart with UV Tub. We hope it meets all your expectations and you and your students enjoy using it at your school.

If you have any questions, concerns or ideas on how we can improve please let us know by contacting our Customer Solutions Ninjas at 1-800-267-8494 or info@copernicused.com.

Happy teaching,

Kaylyn Belcourt
President

We do not inherit the earth from our ancestors, we borrow it from our children.

Change is the end result of all true learning.

What you leave behind is not what is engraved in stone monuments, but what is woven into the lives of others.

Education is the most powerful weapon which you can use to change the world.

Warning! Hazard Risks!

Please read the warnings below for important safety information regarding your product. Failure to read these warnings or to follow the instructions below could result in personal injury or damage to your product that could void your warranty.

Small
Parts

In its unassembled state, this product contains parts that can be hazardous to small children. This product should be assembled by an adult.

Adult
Supervision

This product is to be used under the supervision of an adult.

Indoor Use
Only

This product is intended for indoor use only. To reduce the risk of fire or electric shock, do not expose this product to rain or moisture. The internal components are not sealed from the environment.

Power Strip
Specifications

Read your power strip electrical specifications. Only plug in devices that are approved for use with this power strip. Connect the supplied power strip directly to a wall outlet. **Do not connect to another power strip or use an extension cord.** Unplug when not in use. **Do not leave this product plugged in for more than 72 consecutive hours.** Turn off power strip before unplugging.

Electronic
Equipment

Read the electrical specifications of any electronic equipment you are using with your Copernicus products. Failure to read these specifications and follow their instructions could result in damage to your equipment or personal injury.

Cable Trip
Hazard

Ensure that any cables extending across the floor to your product are properly bundled and marked to avoid tripping or falling which may lead to personal injury.

Electrical Shock

Do not install or use the electrical components of this unit during a lightning storm.

Climb Hazard

Do not climb on, hang from or suspend objects from any components of your product unless otherwise specified.

Tips for Assembly

Watch for These Helpful Symbols

- This symbol denotes a 2 Person Task. For safety, please ensure that there are the suggested number of people working on steps displaying this symbol.
- Watch for this symbol throughout the Assembly Guide. Wherever you see it, pay close attention. The symbol denotes a step needing extra attention to ensure it is done correctly.
- The star symbol highlights an advisory note.

Before You Begin

- Lay out and identify all of the included parts.
- The hardware has been packed according to **step**.
- Read the assembly guide over once to familiarize yourself with them.

 Please note that in its unassembled state, this product contains parts that can be hazardous to small children. This product should be assembled by an adult.

 Please note, star washers are critical components for electrical safety. Star washers must be included and fasteners fully tightened to prevent the risk of electric shock.

As You Assemble the Unit

- Follow the steps in sequence.
- Before beginning each step, find the part(s) that you need for that step.
- Pay attention to the labels on the parts; they are there to help direct you at certain stages.
- The title of each step states what you will be doing. Review the text and the pictures as you build the unit.

Customer Service - FAQ's

2x

OR

Tech Tub2®
10 Device
2x

Install Tech Tubs onto cart

Note: Please follow the assembly instructions that accompanied your UV Tech Tub and Tech Tub 2® to get it ready for installation on the cart.

Lock Casters before installing Tubs onto Cart.

1 Hook rear feet onto pins on the Cart Base

2 Lower front of tub onto metal tab on Cart Base

3 Repeat steps 1 and 2 for other side of cart

18 Device Cart

(FTT718-UV or FTT718-USB-UV)

Tech Tub2®
6 Device Tub
2x

OR

26 Device Cart

(FTT726-UV or FTT726-USB-UV)

Tech Tub2®
10 Device Tub
2x

! Note: Ensure the 10 Device Tub is always mounted directly to the cart, not stacked on top of a 6 Device Tub or UV Tech Tub.

Continue on next page...

Install Tech Tubs onto cart

- 4 Open front door of tech tub and slide metal locking pin through metal tab

NOTE:
The locking process is the same for both left and right position on the cart.

UV Tech Tub 2®
1x

Tech Tub 2®
6 Device
1x

Connect top layer of tubs to bottom layer

- 1 Flip up locking tab and open side flip locks on lower tub

- 2 Insert back feet of UV Tech Tub into slot on top of lower tub and front feet into holes on top of lower tub

- 3 Connect UV Tech Tub and lower tub using side flip locks

- 4 Open the front door of UV Tech Tub and slide locking pin through metal tab

- 5 Close and lock front door of UV Tech Tub to secure.

- 6 Repeat steps 1-5 for Tech Tub 2 6 Device

Attach Power Cable to Power Timer

1 Plug power cable into power timer

2 Zip tie power timer cable to frame

Note:

- Leave some slack in cable when zip tying it to the cart to avoid excess strain on cable or power timer.
- Trim the ends of the zip ties once they are fully tightened around the power cable.

3 Wrap power timer cable on cable hook stretcher before moving cart

Note:

- Use the attached clip to secure the power cable to itself before moving the cart.

Plug power cord from each tech tub into power timer

Route power cables through spring steel cable hook and plug them into the power timer

- Note:**
- To keep the power cables organized keep the excess length of cable wrapped on the back of the Tech Tubs.
 - Ensure that there is enough slack to prevent unnecessary strain on the power cables or power timer.

Do not stack more than three Tech Tub² or UV Tech Tubs.

! Before operating the UV Tech Tub, remove it from the cart and place on a surface that is at least 30" above the floor.

Do not place the UV Tech Tub on the floor.

This is to prevent accidental collisions that can cause damage or injury from impact and tip over.
