

# Spend less time setting up your tech and more time doing what you love—teaching!

The Mobile Tech Station premium model includes everything needed to make switching between programs and devices while teaching quick and seamless. The Dewey Document Camera Mount attaches to the workstation and can be used for recording the teacher or pivoted to show a demonstration on the desktop. The laptop tray helps keep the desktop clear and a ring light attached to the frame provides proper illumination for video recording. All of these components can be adjusted to different positions, including the desk to suit the educator's ergonomics and how they teach.

## Convenient

Save time by only setting up your technology once. Includes handy features to help keep everything organized.

## Mobile

This lightweight cart can be moved where needed. All the cords go to one power strip with an 8ft cord and you only have to worry about one wall outlet.

## Flexible

Customizable with optional add-ons to suit grade level, subject and tech being used. Is useful as a teacher's desk or in a media center for students to use with a green screen.

## NEW Mobile Tech Station Premium model (MTS1)

### Features:

- Durable metal frame (24" D x 36" W)
- Dewey Document Camera Mount that holds tablets or smartphones
- Height-adjustable laptop tray (holds up to a 17" laptop)
- Ring light with three colour modes and brightness adjustment
- Portable Pack and Go Whiteboard Easel on the back
- Height-adjustable for sitting or standing upon assembly (desktop can be set 30"-40" from the floor)
- 1 Really Big Tub
- 1 Tiny Tub
- 1 Stubby Tubby pull-out drawer
- Power strip with 8ft cord and surge protection
- 3" casters, two locking

### Dimensions

57 1/2" - 69 1/2" H (lowest to highest position)  
x 58 1/4" W x 28 1/2" D  
Desktop measures: 24" D x 36" W

### Warranty

Lifetime on cart components  
1 year warranty on ring light  
5 year warranty on whiteboards

Premium Model shown with optional Frontrow Juno speaker mount (in standing position)

### Why a ring light matters:

Proper lighting makes all the difference with online recording or streaming and helps the teacher look more like they do in real life.

### Additional uses:

- A teacher desk or podium
- For travelling teachers
- For students' use in media centers

## NEW Mobile Tech Station Base model (MTS2)

This base model is an affordable option with the features needed for recording lessons or hybrid teaching with students in-class and learning remotely. It includes a Dewey Document Camera Mount, ring light and power strip and can be customized with many different add-ons (see below).

### Features:

Same feature as the premium model but without the laptop tray, whiteboard and storage options.

Dewey Doc Cam positioned to show the desktop

Shown in seated position (adjustable during assembly)

Set up in a media center for students to record and stream video

Customize the station with these optional add-ons to suit grade level, subject or tech being used

### Laptop tray (MTS-LP)

Holds up to a 17" laptop and is height adjustable

### Stubby Tubby Pull-out Drawer (MTS-STB)

A handy spot to store small items to help keep the desktop clear for demonstrations

### FrontRow Juno Speaker Mount (MTS-SPK)

Improve the sound quality of recordings and projection within the classroom (speaker sold separately)

### Pack and Go Whiteboard Easel (MTS-PGW01)

Some teachers are using virtual whiteboards while teaching remotely, but for those that prefer to demonstrate with a marker (for example, writing lessons), this portable whiteboard is handy. It can be set up behind the teacher on a table or hung from its hooks.

### Really Big Tub Kit (MTS-RBT)

Primary teachers can store larger props and books to keep them within reach
