Tips for Assembly

Watch for These Helpful Symbols

Watch for this symbol throughout the Assembly Guide. Wherever you see it, pay close attention. The symbol denotes a step needing extra attention to ensure it is done correctly.

The star symbol highlights an advisory note.

Before You Begin

- Lay out and identify all of the included parts.
- The hardware has been packed according to step.
- Read the assembly guide over once to familiarize yourself with them.

Please note that in its unassembled state, this product contains parts that can be hazardous to small children. This product should be assembled by an adult.

As You Assemble the Unit

- Follow the steps in sequence.
- Before beginning each step, find the part(s) that you need for that step.
- Pay attention to the labels on the parts; they are there to help direct you at certain stages.
- The title of each step states what you will be doing. Review the text and the pictures as you build the unit.

Challenge

We challenge you and your class to build the most amazing thing you can think of out of the shapes found on the inner carton faces of this Bamboo Easel.

Use your knowledge of geometry and simple machines and let your imagination run wild! Fasten your submission together using any kind of glue, tape or adhesive that you can find.

Be careful cutting (—) and scoring (---) these shapes! Make sure there is an adult helping you!

Take pictures of your creation and email them to bambooproject@copernicused.com

Win **4** Eco Tubs, made with 100% recycled content, with your submission. Limit one prize per class.
