Legend

- ✓ Tested and approved configuration by Copernicus. Able to store 10 devices.
- (8) Approved based on published manufacturer's specifications. Number indicates quantity of devices able to be stored.
- Approved based on published manufacturer's specifications. Able to store 10 devices.

* Please note:

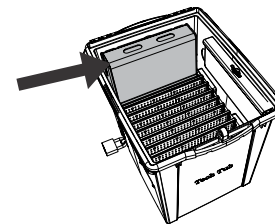

USB hub charges with 7.5W per port. Check your device power requirements to ensure proper charging.

The USB hub has USB-A ports (see below). If your charging cable does not have a USB-A connector on one end, then an adapter is required.

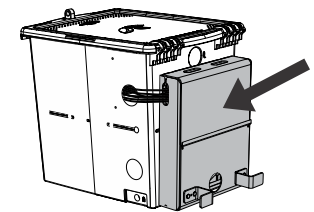

TEC1000-AUS is only for use in Australia.
