Bamboo Deluxe
Chart Stand

Bamboo Deluxe Chart Stand

This chart stand produces approximately 26% less carbon compared to our steel option.

Bamboo is a renewable resource that grows quickly and sequesters carbon, unlike steel which produces carbon. The Bamboo Deluxe Chart Stand has a natural aesthetic better suited for neutral and early childhood environments. It can hang both chart paper and pocket charts and is height-adjustable upon assembly. The double-sided magnetic dry-erase whiteboard is a valuable tool for group and independent activities. Available in two color combinations.

Bamboo Deluxe Chart Stand (CS701)

54-72" H x 28" W x 27" D

Warranty

Lifetime

5 year warranty on the whiteboard

Telescoping hooks to accommodate pocket charts up to 49" wide
(Pocket chart not included)

Our finish is a nitrocellulose lacquer. Lacquers are a popular finish type for furniture, and the preferred choice of professional furniture makers. Lacquers provide a clear, durable, and water-resistant finish that protects the base material while also enhancing its appearance.

Bamboo has a higher tensile strength than steel. This means that if you pull on a piece of bamboo and a piece of steel, it will take more force to break the bamboo.

Giving Back

For every bamboo product purchased, Copernicus will make a donation to conserve natural panda habitat through the World Wildlife Fund.
